## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1, 2, 5, 6, 9, 10 and 13-22 are allowed.

The following is an examiner's statement of reasons for allowance:

[Claim 1]: The prior art does not teach or reasonably suggest "A method for driving a solid-state image pickup device which stores, in a plurality of photo-electric conversion units, signal charges corresponding to an incident light during a prescribed time period, each of said photo-electric conversion units being provided with an overflow drain (OFD) structure, excludes surplus charges from said photo-electric conversion units by an electric potential barrier, said electric potential barrier being maintained at a first level between said OFD structure and each of said photo-electric conversion timing said prescribed time period, reads out, after cutting off said incident light by a cut-off means such as a mechanical shutter.... time period other than said prescribed time period, said read-out procedures comprising the steps of: cutting off said incident light; raising up said electric potential barrier to a higher level than said first level after cutting off of said incident light and starting reading out said signal charges.

[Claim 19]: The reasons of allowance are similar to claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
